

SQUARE CANOPY LIGHT

SERIES GKOCPG7

Product Overview

A cost-effective, energy-saving lighting solution for indoor and outdoor surface mounting applications, the Series GKOCPG7 Square Canopy Light features an innovative thin design with excellent heat dissipation. Power & CCT adjustment controls are easily accessed from the exterior of the housing.

Key Features

CONSTRUCTION:

- Rugged die-cast aluminum housing with integral heat sink fins.
- Housing has direct contact with the driver to help maintain low temperature and long lifespan.
- Housing is completely sealed against moisture and environmental contaminants.

FINISH:

- The exterior is protected by a rust-resistant powder coat finish that provides superior resistance to weathering and corrosion.

OPTICS:

- General light distribution.
- Light engines are available in selectable 3000K, 4000K and 5000K configurations.
- A range of lumen options available from 3,700 to 16,500 Lumens, replaces up to 400W metal halide.
- Impact and UV-resistant polycarbonate lens is precisely designed to give a specific light distribution, maximizing efficiency and application spacing.

LISTINGS:

- UL certified for wet locations.
- Rated for ambient operating temperature -40°F to 104°F (-40°C to 40°C).

ELECTRICAL:

- Universal 120-277V input voltage.
- Integrated 4KV surge protection for 60W and 6KV for 110W with additional 10KV surge protection optional (factory-installed, extended lead time).
- 0-10V dimming driver(s) as default.
- THD: ≤20%, Power Factor: ≥90%.

CONTROLS:

- Power & CCT adjustment controls are included, enabling power selection from 100%, 80%, 60%, or 40%, and CCT selection from 3000K, 4000K and 5000K.
- Optional integrated microwave motion sensor - US002-01VR-2 (factory-installed, extended lead time). Motion sensor is not compatible with photocell.
- Optional emergency battery backup provides up to 90 minutes of operation during outages (extended lead time). Factory-installed top-mounted and field-installed side-mounted options available.
- Special order button photocell (extended lead time). Photocell is not compatible with motion sensor.

INSTALLATION:

- Surface mount or pendant mount options are available.
- Quick-mount bracket eliminates the need to open luminaire for installation.

WARRANTY:

- 5 Year Limited Warranty.

40%	44W	7000lm	159lm/W	7400lm	168lm/W	7200lm	164lm/W

Electrical Data

Number Of Drivers	Driver Current (mA)	Nominal Power (W)	Input Voltage (V)	Current (Amps)
1	900	60	120	0.50
		60	208	0.29
		60	240	0.25
		60	277	0.22
		60	347	0.17
1	850	110	120	0.92
		110	208	0.53
		110	240	0.46
		110	277	0.40
		110	347	0.32

Dimensions & Weight

Mounting Options

QUICK MOUNT PLATE
Allows straightforward J-Box mounting without the need to open the fixture for installation.

PENDANT MOUNT
A 3/4" conduit entry point ensures easy pendant installation.

Accessories

MICROWAVE MOTION SENSOR
Optional factory-installed integrated microwave motion sensor detects occupancy in an area for additional energy savings (extended lead time). Not compatible with photocell.

BUTTON PHOTOCELL
Special order button photocell adds dusk to dawn function for additional energy savings (extended lead time). Not compatible with motion sensor.

EMERGENCY BATTERY BACKUP
Optional factory-installed top-mounted emergency battery backup provides up to 90 minutes of operation during power outages (extended lead time).

EMERGENCY BATTERY BACKUP
Optional field-installed side-mounted emergency battery backup provides up to 90 minutes of operation during power outages (extended lead time).
