It delivers uniform, consistent color with a versatile wattage range, replacing 100W to 1500W HID fixtures. DLC Premium certified and IP66 rated, it offers four mounting options: Pole Mount, Slip Fitter, Wall Mount, and Yoke Mount. Integrated autonomous and photocell motion sensors are available to enhance energy efficiency, with potential savings of up to 85%, significantly reducing maintenance costs related to labor, lamp replacements, and ballast upkeep.
